Mr., Robert Auddy

Ontario Highways beckon you now

See the Province in its Tinted Autumn Glory

There's nothing quite so colorful as the Ontario lam scape in the autumn. Nature splashes reds as yellows and browns and greens in a truly-extravagar manner. Mile after mile, on hill and invalley, the spectacle is a constant delight.

Make it a point to see the Province this year who leaves are turning. No more beautiful or harm nious panoramas can be found than those from the contains a sullitops.

But when you go out into the country to refresh body and mind by feasting your eyes on autumn tints, remember you owe it to yourself and to others on the road to show common sense and courtesy in

wartch Your HEADLIGHTS. See that they do not glare. This is the time of year with longer night and more night driving. You can prove your headlights by means of simple instructions this Department will gladly supply.

BE SURE OF YOUR BRAKES. See that they are in good condition so that your car will always be in

BE COURTEOUS. Obey the rules of the roa Remember the other driver has rights. When it exercise of your rights will create danger, don't it. Legal redress is a poor price to secure for bodily inju

Columnist Finds Lasting Qualities in "At Sun Down"

These wives of ours!

W B TOOK them from the shelter of their families, gave them two or three froms and a share of our salary—then left them sitting there among the wedding presents, a bit bewildered.

But they knew how—these wives of ours. They knew how to make rooms into homes, and how to get more merchandise cut of a dollar bill than we ever could. We're lucky to have wives. How do they do it?

Look through this paper, day after day. You will find advertisements covering almost every human need. They ering almost every numan need. They are filled with hints for the household hints for health, hints for clothing, hints for keeping young. They are virtually, little essays on life. No wonder these wives of ours follow them so carefully. As one wise wife said: "It isn't so much that I know housekeeping so well. I know where to learn it!" know where to learn it!'

HONOR ROLL

All Canada Agrees "Its Better because its Canadian"

"IT'S Better because It's Canadian" of Canada gave first utterance to this

'It's Better because It's Canadian" . . . newspapers and magazines all over Canada took up the theme, imover Canada took up the theme, his pressing on Canadian citizens the pride they should justly feel in the products of their country.

"It's Better because It's Canadian" . . the phrase has struck home, has become a challenge to the Canadian manufacturer and to the Canadian

"It's Better because It's Canadian" . . . it is a fact. And because it is a fact . . . because General Motors was inspired to put it into words . . . because Canadian editors added to its impetus . . . because Canadians accepted it . . . and because the standard of Canadian quality proved

... all Canada has enjoyed a greater measure of prosperity; and General Motors of Canada, with many other Canadian manufacturing organiza-tions, has just completed the most successful year in its history.

Findlay & Philbi

These wives of ours!

WE TOOK them from the shelter of their families, gave them two or three rooms and a share of our salary— then left them sitting there among the wedding presents, a bit bewildered.

But they knew how these wives of ours. They knew how to make rooms into homes, and how to get more merch-andise cut of a dollar bill than we ever could. We're lucky to have wives. How do they do it?

Look through this paper, day after day. You will find advertisements covering almost every human need. They ering almost every numan need. They are filled with hints for the household hints for health, hints for clothing, hints tor keeping voung. They are virtually little essays on life. No wonder these wives of ours follow them so carefully. As one wise wife said: "It isn't so much that, I know housekeeping so well. I know where to learn it!"

New Fall Styles-New Patterns Imported Fabrics-Tailored to Measure

YOU have your choice here now of the pick of the world's leading mills—beautiful new woolens from England, Scotland and Ireland—tailored to your individual measure in suit, topcoat or overcoat at one standard price.

These new Tip Top fabrics are the finest we have ever shown.

It's wise to buy now, at the height of the season, when you want new clothes and get the correct styles for Fall at the low-est price in all Canada for which good clothes can be sold.

Don't forget, you have your choice of any Tip Top material in the store, made as you want it, at this one standard price.

ONEPRICE 3121/2 FRONT STREET. C.W. DICKENS BELLEVILLE, ONTARIO

IOVIS The Bread of Health

Why is Hovis Bread of Health'?

What is the Secret of the **HŌVIS Flavor?**

ITS the Flour that makes the difference. No other bread flour is milled in quite the same way as HOVIS.

For it contains a large proportion of wheat which is the most nutritious part of the

The result is that HÖVIS Bread, baked by leading Canadian bakers, contains those precious, health-giving viramines and more of the true nutriment of the when

That's why HÖVIS Bread - "the bread of health" is so different and so much better for you.

BETTER ingredients always make better bread.

B But there is one particular ingredient present in such abundance in HOVIS Bread as to give it a value no other bread possesses.

You have only to taste HÖVIS Bread once, to realize the difference this makes!

And you are certain to enjoy it - just as the

a call for on the Highways

The motor car traffic in Ontario has increased enormously. To date this year 360,000 motor which licenses have been issued. This is more than twice as many as in the year 1971. There has been a similar in the number of foreign can which with Ontario. An intermediate of the past summer, as many foreign cars were on our highways as those of provincial registrates.

Everyone who uses the highways, whether as motorist or pedestrian, must become conscious of the new choldition which prevails. Each individual must act in accordance with the general principles of safety and always in the exercise of care, common sense, and courtesy to others.

and anways in the exercise of the composed largely of men representing Province-wide organizations. In addition, invitations have been sent to all Editors, Heads of Municipal Obermenters, Chiles of Police, and Presidents of Boards of Trade, Automobile Cubes and Service Close and Province to act upon the Advisory Committee and to organize the suggestion and carrying on in their respective communication localized campaigns for greater selety.

To the School Inspectors, School Teachers, and School Boards Province a special appeal is made. A sad feature of the record is the of children whose lives have been smulfed out or who have been because of thoughtlessness on the part of themselves or the driver

This is an effort in which all clitters of the Province can and should unlet, both in a public and private way. As a badge of support of this batter of the Province can and should unlet, both in a public and private way. As a badge of support of the province of the prov

These wives of ours!

WE TOOK them from the shelter of their families, gave them two or three rooms and a share of our salary then left them sitting there among the wedding presents, a bit bewildered.

But they knew how—these wives of ours. They knew how to make rooms into homes, and how to get more merchandise cut of a dollar bill than we ever could. We're lucky to have wives. How do they do it?

Look through this paper, day after day. You will find advertisements covering almost every human need. They are filled with hints for the household hints for health, hints for clothing, hints for keeping young. They are virtually little essays on fife. No wonder these wives of ours follow them so carefully. As one wise wife said: "It isn't so much that I know housekeeping so well. I know where to learn it!"

Treat your engine to a filling-

MISTREATMENT of a motor is as unnecessary and as cruel, in its way, as mistreatment of a horse. To a thinking type of man, a motor car also deserves much consideration. He keeps it washed and polished, just as he would keep his horse well groomed. He uses good gasoline and the best oil procurable (CASTROL), just as he would give his horse the best feed.

The Canadian motorist who is following in the footsteps of millions of car owners the world over will find that Wakefield CASTROL gives new life to the car. A new smoothness becomes evident. The motor runs more quietly, picks up faster.

The man behind the wheel, in some mysteriously pleasant way, becomes possessed of a feeling of driving security. New CASTROL users can tell you all about this.

Treat your engine to a filling of CASTROL. Today! Save money! Remember, this is the oil that gives 2,000 miles before changing is necessary.

Leading garages sell it. If yours does not, please advise.

Foil the Storm King!

OVER every home the Storm King hovers—ready at an instant's notice to engulf the community in snow—to send wind-driven rain and beating sleet through the roof above your head.

Foil the Storm King by repairing your roof NOW—before melting snow and fierce storms make it worse—or dripping water crumbles the plaster and damages wall paper, rugs and furnishings. The money saved by avoiding these expensive replacements will more than balance the cost of a good re-roofing job.

Only a few weeks remain for these repairs to be made. Go to the Brantford Roofing dealer and ask him to show you the famous Brantford Asphalt Slates which will not crack; run, peel or curl under the most severe climatic conditions. Convince yourself that this husky, tough, fire-safe roofing will easily protect your home from the abuse of storm and weather. Then note the quality, the reasonable price, the enduring beauty.

Write for copy of free booklet, "Beauty with Fire Protection"—a comprehensive treatise on the proper type, design, finish and color of your roof.

GEHRIG IS MOST VALUED PLAYER

All But One Of First-Choice Votes Given To Ruth's Home Run Rival

or Itts., October 13.—"L

Only the foolish driver tries to pass when he cannot see the road ahead

The car ahead slows down near the top of the hill. The motor of the second car is working smoothly and powerfully. The driver turns out to pass.

And then in the opposite direction a third car appears. A crash!

Probably fatal injuries. Perhaps just a car or two

It is reckless driving to pass another car when nearing the top of a hill, on curves, at intersections, or at any other place where the road ahead cannot be seen. To gain a few seconds, to save trouble slowing down or changing gears, you risk your own life and the lives of others.

The Highway Safety Committee is making a concerted effort in which local bodies throughout the Province are entire in what was a constraint. We hope the examples and lessons of this campaign will take permanent hold of the consciousness of motor drivers and pedestrians using the highways. It is the duty of each person to learn that accidents are preventable and how to prevent them.

Highway Safety Committee

Your Pledge of Support

Care and Courtesy Are You?

Thus it will be known that you are among the great majority of motor drivers who are law-abiding, and as decent citizens on the high-

FLYING TO UNITED STATES

Brunsbuettel, Oct. 13.—Heinkle hydroairplane arrived here yesterday from Warnenuende, left here today for Amsterdam in continuance of an attempted flight to United States by way of the Anores. Pilot Horst Mera and it was probable he would head straight for Libbon, Portugal, after of wish result of six men and a woman being returned after two men had been drowned in Long-Island Sound. The reverse was made possible when firemen Lawler swam forty feet in the wrecks and tied a ladder to the lighter. Two drowned were Charles Livermore, cook; and Jack Gunningham.

FORCED TO LAND AGAIN

Spinal fracture received during a football game caused the death in Chicago of John Seleger.

New STEERING ease light as a feather to turn

There is no tedious winding up and unwinding of the steering wheel, when you turn a corner. Parking is done without a struggle. And, in a traffic emergency, see how your Nash gets out of the way at a mere hint from your hand on its wheel.

its wheel.

It is a pleasure to drive a Nash.
Easy steering Smoothness and
quietness beyond comparison. Extrapower from the big Nash 7-bearing molde, And easier riding on
any road overthe new Nash springs
of secret process alloy steel.

Nash is a finer motor car. Look at the Nash Special Six Four-Door Sclam for instance. Here's luxury for five passengers—exquisite in-cvery detail—finished infinest qual-ity mohair—walnut panelled— solid walnut steering wheel with light control at your finger tips— all instruments in one charming, light control at your inger tips— all instruments in one charming, indirectly lighted, easily-read panel— new form-fitting cushions for rest and relaxation—and priced at a figure that is extremely low.

Be your own salesman. Easy steer ing is only one of many Nash su-periorities which a ride will reveal. Come in today.

Is There a Baby In Your Homs?

Advice to Girls By Annie Laurie

DEAR ANNIE LAURIE.

I am a girl of sixteen and in love with a boy (wenty-one.

He livre in one town and I in another, gut I see him often.

If he should ask me to come to see me should I let him come? It he asks to marry me should I say yes, or am I too young?

TRUE LOVE.

The motor car with glaring headlights is a danger to its own driver and a terror to others on the highway. Drivers moving in the opposite direction are deprived of sight to guide their cars.

opposite direction are deprived of sight to guide their cars.
A good garge mechanic can focus headilghts to that they do not glare. Driven can do it themselves by following printed instructions. The Department of Highways will mail you without charge complete instructions. Test your headilghts often to be assured they do not glare. You are responsible. Lamps are designed for the readway and not the other driver's eyes or the tree tops. Night driving must be made safe. Never drive with only one headilings lighted or util light.

Brakes and steering gear should be kept in perfect condition at all times. Your car must obey if you wish it to be safe for you and not a menace to others.

The concentrated effort in behalf of safety on the highways is meeting, with a widespread and active support. Co-operation from every motorist is asked so that the example set during this period may take a permanent hole of the consciousness of all who use the highways. It is the duty of everybody to learn how accidents may be prevented.

To show that you support this movement put the sticker on your car, "I'm for Care and Courtesy. Are You?" You can get one at any garage or filling station.

GENERAL MOTORS TRUCK

ALL through its long, successful history, General Motors of Canada has had its eye to the horizon . . . listening not for what followed, but looking always toward the thing ahead. And General Motors has seen many of its visions

It has seen a great industry grow up in Canada to supply the Canadian family with a means of transportation to meet its needs and resources, to answer the desire for style, dependability, luxury.

It has seen, in the Canadian Fisher Body plants, the perpetuation of Canadian ideals of craftsmanship. It has seen in the General Motors Research laboratories,

the development of countless advances and refinements on which much of modern motoring comfort depends. It has seen, on the General Motors Proving Grounds, the proof of principles which are now accepted factors in automobile design and construction.

It has seen the triumph of co-operative purchasing and manufacturing methods with their resultant economies to be shared with the buyers of General Motors cars. And the eyes of General Motors are still to the horizon . . , still seeking new ways to improve General Motors cars and to place the cars within reach of ever-widening circles of Canadian buyers.

YOUTHFUL MARRIAGE GROWS LESS COMMON

RED PEPPERS END PAIN OF RHEUMATISM

By Annie Laurie

I am nineteen and in love with a boy twenty-two. He has just finished school, while I finished three years ago. I have cared for

Ures years ago. I have cared for him for four years, and that, at the four years, and that, at the four years, and that, at the year year, and that he hardly ever asks me for a date. Of course, I realize he has been poing to school and that have money. We have been years of the years of the

DEAR ANNIE LAURIE:

I have a boy friend whom I like very much. He doesn't want me to take to any other boy.

A few months ago he went to another eity and after writing a few times he stopped because he heard I was going with another boy. He is back now and seems very easer to be with me. Do you think I alweld continue to go with him?

In a few hours she would be

LAID TO REST.

Port Hope, Oct. 19.—Mourned by all
who knew him, from the highest offi-

THIS TRAIN WEIGHS OVER 2000 TONS You Either Make i or you DON

The motorist who tries to beat a railway train to a crossing takes the most desperate chance in motoring. The dice are all loaded against him. The speed of the train deceives. It is 2,000 tons against less than two.

If the motorist wins he gains a minute or so. If he loses, time doesn't count any more for him. Only TWO chances—a minute, or so gained, or a SMASH.

Always alow down when you near a railway crossing. Unless the view is clear both ways, come to a full stop. Look and listen. If a train is in sight, put on your hand brake and wait for the train to pass., It's time well spent. Don't take the most despreate chance is motoring!

Three fundamentals of safety for motor drivers are the exercise of common sense courtesy and patience. Common sense and patience will do away with all accidents at railway crossings.

The Highway Safety Committee believe that most motor accidents are preventable. It asks the co-operation of everybody in the Prevince—motorists and pedestriass allike—so that the determination to prevent accidents will take a permanent hold upon the consciousness of our people. It is the personal duty of each motorist to co-operate conceptically. We must save lives.

Highway Safety Committee

Products of the best Book Diakers, these shoes are of higher grade and solid leather. ever the shoes of the shoes of the shoes extraordinary raise at LESLIE'S low priers, for they represent the utmost in style comfort and long war. A size and style to said every funter. See them to-morrows.

LESLIE'S Shoe Store

inroads into the ranks of mas been abandoned in Peterboro stars including Joe Dwyer, goal ter-players and Scalor hockes following the signing of three of the der.

Do you want good fabric? Tip Top Tailors buy from the world's leading mills-fine all-wool cloths from England, Scotland and Ireland.

Do you want smart style? Tip Top Tailors' designers are in constant touch with the leading style centres of the continent, and interpret the latest decrees of Fashion to suit the tastes of Canadians from coast to coast.

Do you want wide selection? We offer you here now, hundreds of new shades and patterns to choose from in all the latest weaves and designs for Fall wear-all at one standard price.

Do you want clothes tailored to your individual measure? Of course you do! Tailored-to-measure clothes fit better, give greater satisfaction-and Tip Top Tailors' one standard price is even less than you'd pay for ready-mades.

Vinter-worthy?

ROOF that survives light summer rains may not stand up to stormy winter weather. Under the assaults of melting snow and driving sleet the tiniest leak becomes a menace-not only to your personal comfort, but to your walls, ceilings and furnishings as well.

Make your roof Winter-worthy NOW. Look for the spots where roof leaks start-shingles curled up by the sun-rotted by dampnesspried loose by heat-ripped off by the wind.

Then re-roof the Brantford way-right over old wood shingles. lt's easier, far safer and much more economical to do it NOW than to wait for the disastrous effects of melting snow and drenching deluge. And the cost is but a fraction of what you might have to pay for cracked walls and damages to interior decorations.

Neither rain, nor snow, nor the attacks of sparks and flying embers can shake the confidence of those who are protected by Brantford Asphalt Slates. They are known in every community for weather protection, fire safety, economy-and the last word in colorful beauty.

Ask the Brantford Roofing dealer to inspect your roof and make it truly winter-worthy. Also write for copy of free booklet, "Beauty with Fire Protection"—a comprehensive treatise on the proper type, design, finish and color of your roof.

TRUE SERVICE

but that much good is accomfor the community in general, by such natitutions is not to be denied. We institutions is not to be denied. We pilot of the car. Mr. Bickell quetoe have been supplied with a copy of the "Canadian national program" of the Rotary clubs for 1927-28, as recommend Recary cloth are terrorised, as recommon convictions in Ondario de Intrinsicale (1) and the second of the conviction of the development or us.

were suspensed in meanth of convictions are either a but were in the same month of convictions ar mrans in their power the objects out-lined in the "national program"— ranvily, "the promotion of Canadian those who. "in their cups," will run Taxivity, "the premotion of Canada.

Internation, through a sever acquaints,"
more and understanding wines of the profession of the profession of the profession of the profession of the spirit of Rosays in the Demotions: the profession of the spirit of Rosays in the Demotion of the profession of the spirit of Rosays in the Demotion of the Spirit of Rosays in the Spirit of anthem.' Visits are arranged to the rious Rotary clubs by prominent Ro tarians and members of the Canadian To be weighed in the bal Itsians and members on the Canasana and definition of the state the close district (committee) to make the close district (committee) to make the close of the close of the leading principles of the leader is to promote "internation" to the leader is to promote "internation" to the close of the leading principles of the leader is to promote "internation" to the close with other district in the close of the leading principles of the leader is to promote "internation" beat with other district in the close of the leader is to promote "internation" beat with other district in the close of committee, believes that international them they could find-about \$50 amily can be best achieved when based worth ment of same national the development of same nametral
timents in the countries concerned. Picton has got so used to the spe and therefore makes this special ef- light that she rather enjoys it. The fort to encourage the study of our na-old scandal does not get a chance to tional history and of present-day nat become stale, before a new one crowds ems, such as the "steps nec in on the front page. thaty to conserve and develop" Can-

OLD AGE PENSION

There will be mixed feelings pertime party that, old-sare promoted "should be like uploted in feeding like the law stand for its blatton only." As the law stand for legarites, the responsibility of inauquin stating an old-sare pension inchess review with the promises, and there is a re-luctance on the part of the promotere is not institute the measure, because of its institute the measure, because of the law of th

the financial obligations involved. The Rotaris public, however, is generally hopeful but as they will not have to c that provision will now be made the destitute aged. The feeling is ly get by airight, that the provincial governments will

be shamed into doing something, even if their natural inclination is opposed to action. Exiting arrangements are not regarded as matifactory, but they are at leat, a beginning, and an official actions designed to the fact of the fact the principle involved. The converse set and brilliant as he is. 18gn, the principle involved. The converse hereinity tall never, in click at what has been gained, after a course of events be Premier of their tension tension might lead to the fear of much effect, it placed in posparity. But of mind and bear to true in their is, of course, no causa for any needs, ideals and ambigious

right of all needy persons, wherever readent in Canada, to a persion and ance of the suan and of history. Dr piedges itself to substitute feederal act. by ancourer Sun know that eve thon for provincial action, in the event Hon for provincial action, in the event; resider the Conservative Party of being called upon to govern the country. There is no question at all that federal action, with uniform laws youlden is the largest politics What the Co obviously, the only really satisfactory way of dealing with the problem.

DRUNKEN DRIVERS

atic suspension of one's 'dri ce now being followed by the provin put an end to these notorious highteresting radio broadcast last evening Mr. J. P. Bickell, registrar of motor vehicles for Ontario, declared that

derers and need expect no leniency I didn't know The autompt is sometimate used feeters and need expect no jentency! Sunt a size "sixe" to forming chies and service organied forming chies and service organied the jaw. There will be none to

Pure religion, and undefiled befo Ood and the Father, is this, to vi the fatheriess and widows in their a fliction, and to keep himself unspot ted from the world.

NEW TESTAMENT.

Bir. I think all Christians whether about triaming the papers or Protestants, agree in teasontial strides, and that their differences are trivial, and rather policial than religious.

DR. JOHNSON

PICCADILLY IB REOPENED
London, October 22.— The serious
praftic problem in the west end of Lon
don was greatly relievel yesteday when
Piccadilly was re-pened for vehicles.
Since July 25 this famous artery has
been closed for the laying of a new
roadway, which has been completed tem
days ahead of the scheduled time. An estate of \$51,341 was left by late Sir John Etephen Willison, died on May 27 last.

NARROW ESCAPE FOR AEROPLANE BUILDER

If you must walk on the Highway

Walk on the left side of the road, facing the oncoming traffic

Accidents to pedestrians on the highways can be lessened if pedestrians will use the left side of the road. Then the oncoming traffic can be

Most cars run in comparative silence, and when the horn is used the pedestrian frequently becomes startled. Unless he is facing the automobile he may step the wrong way.

Motorists should always slow down and sound horn when approaching pedestrians. They should turn out so that the pedestrian will not be forced off the road. Don't try to pass vehicles and pedestrians at the

ON CITY STREETS

Where there is a traffic officer or traffic signal, don't try to cross against the motor traffic. You may be successful 99 times—but the hundredth times by eyour last. The minute you save does not make the rick moth the rick make. the risk worth while.

Cross busy streets only at intersections. Where there is no officer or signal, look after your own safety first. Don't try to dodge a car. The Highway Safety Committee confidently looks for the co-operation of pedestrians as well as motorists in its efforts to decrease accidents

... SHAKESPEARE. CIVILIZATION

skin said that we are busy flor road we are going? This also seems b with those who proclaim a comfo grepel of secular progress. As the Bishop rees it, the rift between Christlanity and civilization has widened to a guif-like breach, and whilst State activities have amazingly increased, or christical influence has contracted. "wo generations have not improved our ethical standards, and the departure of civilization from Christian concepts of critication from Christian concepts insusance—i see the women are going and habits, he tells us, threatens to les wear mediared contumes at the rectore paramen in our motat with dance next week. What are you color, at its research acrossly, squaled upon the warn, not placed. What are you color, at its research except, which was not present the warn, not placed to the consumity. Will coignificantly)—hy mediaces The ginther, show which Dr. Herom, has. The sinister signs which Dr. Henn accularization of the Sabbath, the deand revolt against the Christian cor peption of marriage. There are other ecunts on the shady side which th Skhop mentions as, for example, the highting effect of Bolshevik teachings But the summation of his indictmen of an incorrigibly 'optimist' democracy
what does your mother call him
is that the social maladies of material
irm and consuality prevalent in the Mid-Victorian era are today manifest

with increased emphasis and vigor.

The question naturally occurs, what is progress? Curiously enough, the reasons Dr. Henson assigns for the de generary of our times are precisely the reasons Mr. Edison gives for modern improvement and advance. Precisely title mechanics taking its place, the American cavant deems that civiliga-tion if forging ahead. That, by the y. The doctors do not agree. Pes-dist and optimist are left to thresh He sat before her, qu t': matter out, and it is evident that ing, for in all such disputations th al temperament must be allow- She wore. Why any girl so ed for; and, again, it is not possible to wise marshal together a formidable array Should toy away of facts and miss the spirit and inward ruth of the human story? Certainly, In old antiquities?—he pondered who in the shadows rather too deeply, may be on the manim that to be good one rust first think oneself bad. " The thing to notice in that the whole

round of secular improvements which "It's merely the disguiwere a century ago voted capable of it so; social redemption, and in some quart- Reading, we read the page als and have left behind a rankling sense Remembering one as beautiful an of distillusionment. Therefore we can dear, meaninament in Blabos Henion whom he had lored-and down when he says that civilized managed has tailed to find any substrute. On the sailed to find any substrute, for Christianity as a custative power. Yet to find the says that the says that the says the sailed to find the says that the says the says that the

cry has been heard in every ceneration The public response to any religidebate does not suggest that relgic has lost its hold upon the hearts of th people. An American writer visitin ngland, "after fifty years," sums u

DELANEY

What is CASTROL?

And why should you use it in your car?

AS its name suggests CASTROL is a compound of lubricant existing, and a specially fine grade of mineral oil. These are blended in such a way as to retain every merit of both.

Wakefield CASTROL is the only oil made that forms a perfect film of protection between the moving parts of your engine at any speed and at any temperature. The secret, of course, lies in the castor oil content in CASTROL.

Wakefield CASTROL never varies in quality. The same splendid oil that motorists have used in England, Italy or China is precisely the same in body and quality as that bought in Canada. It is, of course, available the world over.

When you pay anywhere from \$1000 to \$8000 for your car surely it is the sensible thing to use the finest motor oil as a means of prolonging the car's life and safeguarding your investment.

When you consider that Wakefield CASTROL lasts 2000 miles before refilling is necessary you realize that not only does it provide faultless lubrication, but effects a genuine, visible economy in dollars and cents as well.

What does Castrol bring you? A quieter, running motor. A cooler motor. Quick pick up in traffic. Prompt getaway in the morning. Fewer repair bills. Four times the mileage. Any garageman selling CASTROL can complete the story. the garage you patronize does not yet stock advise

remedy for all kinds of headache."

YOUNG WOMAN A CHILDREN'S HOSPITAL TO BE OPENED SOON

Lessons in Safety as Important to Children as Lessons in Arithmetic

Highways and streets are verily alive with swittly moving motor vehicles. Well-considered laws and regulations to guide motorists. Licenses for drivers and permits for cars. Traffic control and traffic patrol. Roads constructed so as to be as safe as possible. Signs and signals on every hand.

The machinery designed for safety on the high-ways is all set up and working. But the human element must be trained if this machinery is to function efficiently.

Children particularly must be schooled. They must understand the conditions which an enor-mously increased motor traffic has created. They must be taught their part in the prevbn-tion of accidents. Lessons in safety are

When walking on the highway, always to walk on the left side facing the oncoming When riding a bicycle to keep near the right side of the street or highway.

 Never to cross a street or intersection without looking to see that the way is clear. 2. Where there is a traffic officer or traffic signal never to cross against the motor traff

Never to dart from behind or in front of a parked car without looking both ways.

6. Not to play in busy streets.

TO SCHOOL TEACHERS INSPECTORS AND SCHOOL BOARDS

The Highway Safety Committee makes a special appeal to you to co-operate in the movement to decrease the number of accidents on streets and highways. An appalling fact is the number of child victims. By taking every opportunity to teach thoughtfulness and care you can help to stop this toll on our young life. As teachers and guardians of our children, will you help?

ADVISORY COMMITTEE All Edicion, Heads of Municipal Covernments, Police Chiefs, Presidents of Boseds of Trade, Automobile Chiefs, Ontario Chenduny Association and Service Chiefs in the Province of Optoble

Socket-Power

Radiola'17

Plug in

your electric

socket

\$215

PERFECTED at last is a radio that will operate from any lamp socket. Without batteries, Radiola 17 provides almost unlimited power—an amazing degree of selectivity—and an unrivalled ease of operation.

Simply connect Radiola 17 to any lamp socket. Tune in sta-tions far and near with a turn of one dial. Then revel in the pure, natural tone and full volume of this newest seven-tube Radiola.

For five years our radio engineers have been developing Radiola 17. Today Canadian General Electric offers it as a proved and perfected radio.

In performance and in its rich mahogany finish it is worthy of the name Radiola. Yet it sells for the unusually low price of

Fiear Radiola 17 in your own home. Judge for yourself if it is not the radio for which you have been waiting.

The remark was once overheard that the Drug Store carries several lines which really belong to other stores. This may be true of some lines but if Soap was referred to, it is distinctly an error. Many Flowers 10c 3 fcr 25c , For many years after Soap came into use, the ONLY place it could be bought was the 'Apothecary Shop.'

A great many Druggists at some stage of their education in Pharm-acy have actually made Soap the pure Green Soap used in strigery and other particular uses. We won-der how many merchants in other lines have done the same?

We are not asking for any special consideration, but simply wish to correct the erroneous impression outlined above. The regular prices listed on this page speak for them-selves.

BATH SOAPS ound Bath, various, 15c, 2 for 25c tracic and Cold Cream, 20c, 2 for 35c Various Imported Lines Soap is a product of one or more oils combined with an alkali. Both oils and alkalis are distinctly Drug lines. Why not Soap?

| SHAMPOOS | Evans Williams Individual 10c, | box 50c Yardley's Individual 15, | box 60c Synol Liquid | 35c Hennsfoam | 60c Blondex | \$1.00

And Many Others SHAVING SOAPS

MEDICATED SOAPS Cuticura Soap

FORT RUPERT IN STATE, OF DECAY

Indians Departed From Sacred Meeting-Place Years Ago

Vancouver, B.C., Oct. 28.—(CP)— Old Port Rupert, once the scene of, ac tive fur trading and the meca of an venturers in the North Pactic, is to-day neglected and frogetter, All that Permins of the famous old post is a great stone channey, according to D. A. McKeivie, British Columbia and and historian, who recently efficient

and historian, who recently visited the historic spot.

Fort Rupert, or what remains of 'it stands is the midst of an Indian vis-lage on a sheltered bay at the north-east corner of Vancouver Island. Des-cribing the place, Mr. McKelvis

eribing the place, arr. McReries writes:

Gone are the old fur harons; gone are the bluff old captains of the barques that came to Port Rupert for earpees of coal; gone are the old stockades and the threatening bartions, and the ancient cannon that frowned from the portholes are thrusted and broken justylinings of the Incidan, pouths of half a dozen visions.

his year's Family Gift

Plan now to give your family a new Orthophonic Victrola. Select and reserve your Christmas instrument. At His Master's Voice Dealers only.

Here is a family gift which repays not merely in the joy of giving, but in the enjoyment you receive from it forever after. It is not too early to begin planning for one of these wonderful musical instruments. Today, His Master's Voice dealers have complete selections of models, but no one dares predict for how long. Your instrument reserved,—Is your instrument reserved,—Is your instrument assured.

With Victor music at home, you can turn on the flow of entertainment as the mood impels. When a record finishes playing—don't rush to get up—itstops itself. Electric—al drive, if you wish—at slight additional cost—climinates winding. Seven beautiful models to choose from, from \$790 down to as low as \$115, all obtainable on convenient terms from His Master's Volce dealers.

The new Orthophonic Victrola

Continue approaches, but if AREA FOR GOLF was the problem would be imately, solved a problem would be imately, solved.

Every Baby Needs Vitamins.

Baby often requires special vitamin-nourishment to assure development of sound bones and avoidance of rickets.

Science has righly given emulaified coddwer oil, as in Scott Emulsion, a place of premier importance as a help to perfeably's nutrition and to humish its growing organism with a head abundance of lickets-preventing and growth-promoting vitamins.

Young children who are not absorbing a full abundance of essential vitamins, should receive, as an added food-ration, reg-ular doses of easily-assimilated, pleasantly-flavored, emulsified cod-liver oil in the form of

Advice to Girls By Annie Laurie DEAR ANNIE LAURIE

DEAR ANNIE LAURIE:

I am a girl in my early teens.

I have met many young men, but
d none ever asked me for a date.

Please tell many young men, but
to no please tell me for a date.

UNHAPPY CIRL: Dear, child, you've
too young to be bothering your
little head about "dates." Just wail,
a while until you are older and I'm
sore you will have more than you
ear routh.

DEAR ANNIE LAURIE: I am a girl in my teens, and have a boy friend who is about two years my senior. We go out with a bunch with whom I always

atts POULTRY

Eager to Meet its Comrades -comes the Wolverine Sedan

Far and wide the Wolverines of the roads have gone. Strongest of their size, able and willing to conquer any conditions of highway or traffic, they have lived up to the reputation of that fearless master of the woods, the wolverine, for whom they are named. (Eager to take its place beside the other Wolverines of the roads, comes the new Wolverine Sedan, low and long . . . a roomy, brawny, comfortable four-door sedan for those who want Wolverine performance plus a sedan body.

Look one over and try one out. Feel for yourself its sweeping, flow of power, the soft and certain action of its Velvet Stop brakes. Use its easily handled controls, pit it against time or grades, hold it at a fast pace for hour after hour. Then you'll find that, at a moderate price, you've found the kind of car you'll like to own,

Wet, Slippery Pavements call for Special Care

Motorists and pedestrians should keep this fact in mind. Too abrupt application of brakes is the cause of much skidding. Disengaging the clutch at the same time empha-sizes the tendency to skid, and also detaches the most efficient brake on the automobile,

In braking on a skiddy pavement close the throttle, take the foot off the accelerator, leave the clutch engaged so that the engine helps the braking process, and apply the brakes GRADUALLY.

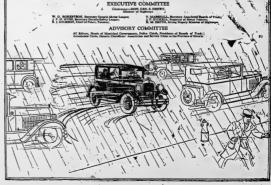

Above everything else don't lock the wheels of your vehicle by suddenly clamping down the brakes.

Just before the vehicle is brought to a stop, the clutch should be disengaged.

Just before the venue is foreignt to a stop, the clutten anothe de anestaged. On slippery pawements that are free from traffic, practice this method of controlling your automobile. The skill you acquire may save you money, and perhaps a life. Remember, too, that your brake bands pick up moisture from the pavement in wet weather. A wet brake is not so efficient as a dry one.

Driving in fall and winter has its dangers both in city and country. By schooling yourself in handling your machine on wet or slippery pavements, your driving will be safer for yourself and for other drivers. Remember your automobile is a machine. It does just what you make it do. 1

The remainder will be offered in Canada and United States as Cumulative Preference Shares of a par-value of \$100 cach.

Application will be made to list the Cumulative Preference Shares of \$100 par value on the Montreal and Toronto Stock Exchanges; the Cumulative Preference Shares of \$5 par value on the London Stock Exchange, and the Common Shares on the Montreal, Toronto-and London Stock

For detailed information, we refer to the prospectus containing letter from A. C. Tagge, President of the Company, which has been summarized in part as follows:

The Company
Canada Cornect Company, Limited, to been incorporated under the laws of the Dominion of
Canada to acquire from the company of its been incorporated under the laws of the Dominion of
Canada to acquire from the company of its been incorporated under the properties and plants, togeth,
with well located areas containing admost unlimited deposits of limestone, city and graymout
year. The company will also acquire
all the shares and investments in subsidiaries of the old company.

Earnings

For the seventeen years ended December Sist, 1926, net earnings of Canada Cement Company,
Limited, (old company), as shown by the company's annual statements, available for bond interest,
Eigereclation, preference share dividends and income taxes, have been as follows:

* snare dividends at - \$1,277,697.84 - \$1,118,793.83 - \$2,734,679.62 - \$2,748,080.64 - \$2,191,600.32 - \$2,842,018.52 - \$3,468,387.72 - \$5,051,863.78 - \$1926 1918 1919 1920 1921 1922 - \$3,366,471.79 - 3,057,558 81 1928 1924 1925 -- \$3,924,891.95

Meaux. Price, Waterhouse & Company, Chartered Accountants, have azamined the books of Canada Cement Company, Limited, and their report shows that earnings from properties to be acquired by the new Company, for the nine months ended September 30th, 1927, available for bond interest, depreciation, preference shared wideleds and income taxes, were \$37,14,843.17.

\$4,583,649

On the basis of these samings for the nine months, the officials of the theory of the control of \$2,825,000

Fired seads, including plants, building, and proceedings, and the sead of the process of the pro

(Upon completion of organization)

\$20,000,000

Arrangements have been made with the trustee under the Deed securing the 6% First Mortgage Bonds of the Canada Coment Company, Limited (old company) for the release at the mortgaged premises, the payment and ratifaction of all bonds in accordance with the terms of the Trust Deed haring been duly and effectually provided for.

Market or inking Fund
After the conclusion of the first and each succeeding fixed year, the Company will set sport
out of its earning, before any dividend is paid, or set apart for payment, on its Common Sharer, a
sum equivalent to 60½ of its net examing available for payment of dividends on the Common
ing their redemption price. Such Sharer shall be purchased at or below their redemption price,
or redeemed by 10 and shall be cancelled and not re-issued.

Preference Shares

The Cumulative Preference Shares will be preferred as to capital and will be entitled to preferred dividends at the rate of 61/4% per annum, payable, quarterly, but will not be entitled to further participate in the profits of the Company.

We offer the \$100 for value Cumulative Preference Shares of this issue, subject to frior sale, for Zelivery if, as and when issued and accepted by us and subject to the approval of our Countel, at Price: \$100 per Share

with bonus of Two-Fifths Share of no par value Common Stock Fractions of Shores of no you make Common Stock will be adjusted at \$25 per Share,

Wood, Gundy & Company

The information contained in this advertisement is based upon patements and statistics on pulsa, my tings rightly the description of these Shares. We do not convenies, but believe the interests before mode to be true.
